

## Training Requirements for Australia 2008

Australia follows the Core Curriculum, which is the minimum training set by the International Foundation. Australian Faculty are in the process of reviewing Australian requirements.

The following requirements for licensure apply to Australia only.

If you wish to teach in any other country you will need to ensure that you have fulfilled the licensure process for that country and have contacted the International Faculty member in charge of curriculum in that country prior to organising any class.

There are four steps to become a qualified Brain Gym® Instructor/Consultant. The course of study will take approximately 18 months to two years. This time includes course hours and home study.

BG 101 is required for Level 200 courses and above. However when proceeding through the training it is **not necessary to complete step one before moving to the steps two and three**. Be sure to check prerequisites for individual courses.

STEP ONE	STEP TWO	STEP THREE	STEP FOUR
1. Brain Gym® 101	4. 201 Optimal Brain Organization	1. 301 Edu-K In Depth	1. Complete Steps 1, 2 & 3
2. 101 Repeat	5. 16 Hours Anatomy/Kinesiology	2. Three Case Studies using In Depth	2. 401 Practicum
3. Four Case Studies	6. 24 Hours Electives 100 Level, 200 Level 300 Level Electives	3. Complete written answers to In Depth questions	3. Maintain Professional Status

***Maintaining your professional status. 48 hours of continuing professional development in Edu-K in a 4-year period through Edu-K courses listed on International Website, Edu-K conference hours and Faculty update days.***

### Special Notes:

1. Under the current licensure requirements, ALL courses on the Edu-K curriculum count towards initial licensure and maintaining your professional status with the exceptions of Special Interest Application and Pilot courses.
2. Special Interest Application and Pilot courses count towards maintaining your professional status only.
3. For courses regularly offered here in Australia see the **courses** section on this website. For a full list of courses available go to [www.braingym.org](http://www.braingym.org)
4. Students are encouraged to experience the work from different instructors and consultants.
